Scimitar GTE

3 litre

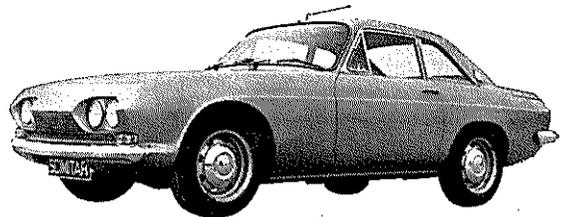

The 120 mph 3 Litre GTE is both a sports car, with a performance to rival that of almost any vehicle on the road, and a genuine estate capable of carrying four adults and an exceptional amount of luggage and gear. It is also remarkably economical, returning 25 to 30 miles to the gallon while cruising.

Scimitar GT

3 litre

This fast, elegant two-plus-two coupe has clean, futuristic lines and outstanding interior luxury. There is no better buy in its price bracket. The Ford V6 engine gives a startling 125 miles an hour performance. And the generous specification includes a 21 gallon fuel tank, offering a 500-600 mile cruising range.
